Introducing Cephalods KWO

1. mollusk, Squid, ~~Octopus~~ cuttle fish
2. Members, live, 🌐 oceans
3. 3♥s, ☹️ blood, jet propulsion
4.  "head foot," = foot ↔ head
5. foot~~in~~ developed, funnel
6. funnel, water, body
7. propulsion, quickly
8. body = strange

Who/which - combines 2 ideas

1. My brother Jon is a police officer.

2. He works for the city of Corning.

My brother Jon is a p.o. who works for

My bro Jon, who is a p.o. works for

appositive

Heading

① Cephalopods ^{which are a} ~~are a~~ group of mollusk that includes cuttlefish, octopus, and squid. ④ Their members live in ^{the} ~~all world's~~ ^{every} ocean. ④ Using ^{that} ~~they~~ have three hearts ^{that} ~~which~~ pump blue blood. ^{the cephalopods} ~~and they~~ move by jet propulsion. ① The name cephalopod means "head foot" because their foot is near their head. ① The foot of the octopus and squid evolved into a funnel. ^{which} ~~The funnel is used to propel~~ water out of the body. ④ Using jet propulsion, ^{cephalopods} ~~allow~~ them to move quickly. ④ The body is equally strange ^{since} ~~to~~ the digestive tract goes through the brain. Cephalopods are full of surprises.
